Notes:

Roads and trails shown on this map do not represent all of the existing roads and trails in the Snake River Basin. The roads and trails in the Significant Routes data layer have been identified as the major travel routes and important to the master plan process. Locations of some routes shown are approximate, and the map may not include all significant routes.

Trails that are within town boundaries are generally not shown. Not all trails in the Keystone and Arapahoe Basin Area Permit Boundaries are shown.
