

**SUMMIT COUNTY OPEN SPACE AND TRAILS
SWAN MOUNTAIN ROAD PATHWAY IMPROVEMENTS
OST 19-001
ADDENDUM NUMBER 1
02/14/19**

1. The Owner will provide field Geotechnical testing and Survey services for the project.
2. Contractor to stage within the current project limits. No staging will be allowed at the parking area east of the bridge. Any staging outside of the Swan Mountain Road Right-of-Way may require a Temporary Use Permit from the Summit County Planning Department.
3. Bike and Pedestrian Traffic must be maintained at all time during construction.
4. Contractor responsible for providing a traffic control plan to Summit County within two weeks of being awarded the Contract. Contractor responsible for providing a minimum of one lane traffic at all times. No complete road closures will be allowed unless approved by Summit County Road and Bridge Department. Bidders may be asked to provide traffic control plans to the County for review prior to awarding the contract.
5. Tree removal and disposal shall be included in the Demolition line item.
6. Contractor responsible for providing all water necessary for construction.
7. The bid alternate for Remove and Replace Existing Guardrail has been removed from the bidding requirements.
8. A Bid Bond is required for this project. See Contract Documents for requirements. Contractor responsible for determining amount of Bid Bond.
9. Additional questions will be accepted until 4:00 pm on February 19, 2019. Final Addendum, if necessary, will be issued on February 20, 2019. Bid Opening is February 22, 2019 at 10:00 AM.
10. Bid can be received electronically. Email to Jason Lederer at Jason.Lederer@summitcountyco.gov. Bids submitted by email should contain the following exact wording in the subject line: "Swan Mountain Road Pathway Improvements Bid".
11. Please email Joe Maglicic at tenmileengineer@aol.com with additional questions.
12. An engineer's cost estimate is not available for the project.
