

Summit County TV (SCTV) . Press Release  
For Immediate Release: June 15, 2010  
Contact: Brad Williamson, SCTV Director (970) 453-9576

## **New Website with Local Video Programming Launched by Summit County TV: [www.summitnews.com](http://www.summitnews.com)**

Summit County TV (SCTV), an organization whose membership consists of Summit County, the towns of Breckenridge, Dillon, Frisco, and Silverthorne, and the Summit School District, is pleased to announce the launch of a new website that features an array of on-demand video programming. Summitnews.com is a new way to access SCTV video programming, seen locally on Comcast Channel 10. SCTV is launching Summitnews.com to offer videos on the topics which impact residents of Summit County. "While SCTV's cable Channel 10 continues to be a valuable way for residents to watch our programming, a large portion of people get their news from the internet. It just made sense to upgrade our website so everyone could easily access our video content on the web," stated SCTV Director Brad Williamson.

From Town Council updates, roundtable discussions and department features and promotions, to the taping and broadcasting of special events and community meetings, SCTV and summitnews.com give users the inside track to their local government. With the addition of the new website to share videos, we anticipate that SCTV will grow to become an integral part of the information sharing process between elected officials, staff, and the citizens we serve. The information on summitnews.com provides yet another way for people to stay informed on the topics being discussed by elected officials and the many departments that serve the citizens of Summit County, stated Silverthorne's Mayor Dave Koop.

Summitnews.com includes new and archived episodes of regular video features including the Dillon Dialogue, Breck Buzz, County Connection, Focus on Frisco, Summit Schools Spotlight, and the Silverthorne Signal. The website also includes programming from the High Country Conservation Center including the Green Show.

We encourage all Summit County residents to add [www.summitnews.com](http://www.summitnews.com) to your web browsing routine, so you can quickly and conveniently stay on top of the local issues that affect your corner of the world.
